The Broad and Big Store That Appeals
to Everybody

A Reliable Store A Store of Maximum Value
A Store of Courtesy A Progressive Store
A Store for All the People

Our interpretation being:—

1st. A RELIABLE STORE in every sense of
the word; in principles, in merchandise, in service and
in promises made by those who may serve you.

2nd. A STORE OF MAXIMUM VALUE—
broad assortments, with prices as low as is constant
with good merchandising; lower, we believe, than
you will find elsewhere, quality for quality.

3rd. A STORE OF COURTESY—where the
pleasant smile and the hearty welcome will be spon-
taneous; where the casual visitor will feel as much at
home as the frequent patron.

4th. A PROGRESSIVE STORE—a store that
will leave no stone unturned, that will consider no
task too great, the performance of which will increase
its value to the community; a store progressive in
merchandising policies, service and general helpful-
ness.

5th. A STORE FOR ALL THE PEOPLE—
cosmopolitan from every angle; a store that will
recognize no difference in quality of its service to the
individual as well as to the general public, where all
will be made to feel that this is primarily their store
and that it was designed especially to meet their own
personal needs; a store for all the people and all for
the people.

GOVERNOR'S PROCLAMATION ON MOTHER'S DAY.

Columbus, O., May 5.—Governor
Cox today issued the following pro-
clamation:

"We have reached that point in
our civilization where motherhood
is enshrined in the hearts of the
human race as in no other civiliza-
tion. We have arrived at a des-
tiny which reveals to us the divi-
nity of mother. We have come to
appreciate, so far as the finite
mind can appreciate, the blessed
sacrifices which she makes for
all of us—the struggles which she
endures, the patience which she
has, the saintliness which she
possesses.

"It is therefore well that we set
aside one day in the year to be
known by her name; that we
gather at a shrine and worship
her memory; that we adorn our-
selves with a flower in her honor,
and that we consecrate our
selves to her service.

"Therefore, I, James M. Cox,
governor of the state of Ohio, do
hereby designate Sunday, May
10, as

MOTHER'S DAY
and recommend that fitting ex-
ercises be held in all of the
churches, or other places of wor-
ship, and that we meditate that
day upon the many blessings
which have come to us through
the unselfishness and the devo-
tion of her who gave us life.

"In witness whereof, I have
hereunto set my hand, and caused
the great seal of the state to be
affixed, at Columbus, this 2nd
day of May, in the year of our
Lord one thousand nine hundred
and fourteen.

(Seal.) "JAMES M. COX,
Governor.

"Charles H. Graves,
Secretary of State."

MORE THAN MILLION INCREASE SO FAR.

According to the last report of Dis-
trict Assessor Farrell the personal
duplicate in this county has been in-
creased \$1,074,552 on 3812 returns.

In the townships for the past two
weeks 300 returns gained 23 per cent
over last year. In Xenia city 140 re-
turns gained 26 per cent.

Spring Valley township and village
have been completed. This year 260
returns gained \$41,285. In the village
136 returns showed a gain of \$18,750.
The total in both precincts being \$60,
035.

The total cost of assessing person-
al and realty in 1910 was \$878 as
shown by the county records. This
year the cost was but \$10, a net sav-
ing to the tax payers of \$738. A singu-
lar thing about this is the same man
that valued the realty in 1910 made
the complete assessment this year.
And yet there are those who would
condemn the new tax law and make a
political issue of it. But this will be
hard to do if the saving to the coun-
ty and state is to be based on such
returns as mentioned above.

SUFFRAGE.

One of the old arguments against
equal suffrage was that women could
not go to war. One can hardly realize
that such a foolish reason should ever
be mentioned the second time. The
fact that no man was ever disfranchised
because he was not able to go to
war was enough to dispose of such a
weak argument.

The anti-suffragists have been in-
sisting all along that women do not
want to vote, as if that was any rea-
son why women who do should be de-
nied the privilege. It has always been
a matter that each individual has been
allowed to decide for himself whether
he shall or shall not vote. Then the
facts thus far have disproved this
theory. They have been voting in as
large proportion where they have had
the right as men.

There are also those who think if
women get into politics there would
be strife and contention. What would
cause this in political affairs more
than in any other sphere? Things
don't always go on smoothly amongst
the men, but no one has proposed dis-
franchising them on that account.

Some favor woman suffrage, but be-
lieve it should be restricted. The
difficulty would be as to what ques-
tions she would vote upon. In the
last analysis it would likely be found
that all the questions which concern
the men in some way or another
concern the women. All admit she
would be allowed to vote on the liquor
question, but would it not be as im-
portant that she vote on the men who
are to enforce the law?

The women in Illinois have voted
again on the question in some parts
of the state, with the result that 70
more saloons have been put out of
business, but the women will no doubt
learn that it is not enough to vote
them out, but that there should be
manly men.

SOLD HIGHEST PRICED TEAM FOR THIS SECTION.

Clifford Lemmon, who resides on
the W. W. Crogwell farm gets the
honor of having sold the highest priced
team of draft mares ever sold in
this section. John Folk, of Sabina,
was the purchaser, and the price was
\$725. One was a Belgian and the
other a Percheron and both are said
to be fine specimens of draft horses.
Mr. Lemmon recently purchased
the team at the William Little public
sale and paid \$600 for it, thus making
him a net profit of \$125 besides the
use of it. At that time horsemen were
of the opinion that he had paid a high
price but the recent sale at so high a
figure proved the value of the team.

Great rejoicing attended the 20th anniversary celebration of the First Presbyterian Church, Brookline, in the chapel last evening.

The special guest was Rev. Dr. W. E. Archibald of Everett, first minister of the parish. The present minister, Rev. William Wallace Hille, as toastmaster, delivered the address of welcome. He congratulated the men of the church upon their supper and introduced Dr. Archibald, who congratulated the people upon their magnificent quarters. He predicted that the time would soon come when the church membership would reach 1000. The speaker concluded with reminiscences of the early days of the church.

Rev. Mr. Hille read from the early records of the church, showing that the charter membership was 49. It is now 691. There were 17 charter members present last evening.

The First Presbyterian Church was organized in old Harvard Hall. Later Goddard Hall was the meeting place of the congregation.

Two Kinds of Economy.
A woman can take a dime to the liver counter of the butcher's shop and strike a better bargain than a man could make, but a man can wear a two dollar hat till it turns green, while a woman can wear a \$25 one only till her friends know it by sight.

Had the Last Word.
Two ladies, during a friendly meeting on the street, got to quarrelling about their ages, and used very strong language toward each other. At last, as if to end the dispute, one of them turned away and said in a very conciliatory tone of voice: "Let us not quarrel over the matter any more. I, at least, have not the heart to do it. I never knew who my mother was; she deserted me when I was a baby, and who knows but that you may have been the heartless parent?"

Character Told by the Chin.
The shape of the chin is of considerable importance in reading character. A chin smooth and round denotes a childlike disposition and a yielding will. The oval chin is an indication of an artistic, sensitive nature, with some talent along those lines, while the angular chin denotes the scientific, practical nature. The protruding chin always means combativeness, determination and power, and the receding chin denotes the weak will, and the straight chin also denotes weakness.

STORE OPEN TWO EVENINGS IN THE WEEK, TUESDAY AND SATURDAY

CLINTON U. P. CHURCH CHIMES.

—Keep going to church these fine May Sabbaths.

—The yearling is a yearly reminder of the glorious resurrection.

—Mr. William Knox is again occupying the Clinton house.

—Jennie Miller will lead the Christian Union Sabbath evening.

—Prayer meeting next Wednesday evening at 7:30 at Mrs. Griffith's in Clinton. This will take place of the monthly church prayer meeting.

—Our Superintendent, William Ferguson, is closing a fine year of work in Xenia seminary. His sermons before the faculty are highly spoken of by those hearing them.

—A fine attendance at Christian Union Sabbath evening suggests that we would enjoy a visit from some of the older members of the congregation.

—Miss Carrie Rife visited at the parsonage Tuesday evening.

—Mr. and Mrs. B. W. Anderson entertained at 6 o'clock dinner last Thursday evening, the Senior class in Cedarville College of which their son, Bruce, is a member, the faculty of the college and Dr. and Mrs. C. M. Ritchie.

—Rev. H. J. McClure, of Conant Lake, Pa., is the guest of the week of the pastor's family. Mr. McClure will occupy the Cedarville pulpit of the R. P. church next Sabbath.

—The Women's General Missionary society of the United Presbyterian church meets in Philadelphia next Tuesday evening. There are three delegates from Xenia Presbyterian, Mrs. Jennie F. Ritchie being one.

—Let the good work of teaching the Sabbath schools go on. Did you see McCutcheon's cartoon in the Chicago Record-Herald of parents taking their children to Sabbath school?

—A Swiss paper tells of a student on an express train who sneered when he saw a church under construction. "It's only imbeciles who attend church," he insisted. "Then I'm an imbecile," quietly answered one of the men who was unfortunate enough to be in the same coach with the student. "I, too?" broke in a third traveler. "I go every Sunday to church, and although I am imbecile, am nevertheless professor in the University of Leipzig." Another traveler added, "I am chief councilor in the city government of Strasbourg, and a churchgoer." And still another chimed in, "I'm head of the Berne gymnasium (fishing school) and a convinced Christian."

—Blessed are those who prefer, on the Lord's Day, to have their hearts filled by the truths from God's word than to have their minds poisoned by sensational and corrupting literature.

—Blessed are those whose pocket-books have not a stronger elastic around them on Sunday than on the other days of the week.

—Blessed are those who recognize the fact that by giving they worship God as truly as by singing and praying.

—The theme of Willard V. Ritchie's

Sixty First Anniversary Sale

This Anniversary Sale is commemorative of our 61st year in business.

This big modern commercial institution is a monument to the principle of RIGHT DEALING laid down 61 years ago. Just a few concerns in all the length and breadth of the land are accorded the distinction of being in business continuously for this length of time.

This fact, of which we are justly proud, is the reason for this occasion.

This celebration takes substantial form in this 61st ANNIVERSARY SALE.

A sale that includes the choicest of the "New" gathered from the markets of the world and sold at a LOWER COST TO YOU, THAN AT ANY OTHER TIME IN THE YEAR.

IT IS A TIME WHEN WE MAKE A YEARLY SHARING WITH OUR CUSTOMER FRIENDS OF A PART OF OUR PROFITS.

Sale Begins SATURDAY Morning, May 9th and Ends SATURDAY, May 16th

by building its floor and walls of concrete. It will be much more sanitary. Moisture does not penetrate cement. Neither can rats or other vermin. And the basement will last forever—without a dollar of repairs.

By all means use Portland cement. We sell the Universal brand because we believe it makes the most lasting concrete and is most easily used.

HY-CLASS HARDWARE

If You're Building A New House Talk Hardware With Us—

When it comes to builder's hardware, too many concerns quote a low price and try to economize on the quality of the goods they deliver.

The houseowner suffers. We don't do business that way.

Not that our prices are high, far from it. We take a margin of profit that's lower than you'd believe possible.

But we won't buy and we won't sell anything that won't yield 100% satisfaction.

Come in and let us quote you on a safe bill of builder's hardware.

The biggest profit is yours—reliable goods—merchandise that you can bank on.

Isn't that worth coming in to find out about?

graduating thesis Wednesday evening at Xenia Theological Seminary was "The Origin of the United Presbyterian Church." There were eight graduates.

—Mr. George W. Rife has been doing jury duty at the county seat this week.

—We hope every member of our church will help in the effort to clean up and beautify our village this summer. Clinton naturally is a very beautiful place and can be made very attractive. Clean up.

—Be sure and boost the lecture course for next winter. The master rests with you as much as anybody else.

THE DRUM AND ROUSE UP SOCIETY.

Rah, rah, rah! rah, rah, rah! rah, rah! Steubenville!

Shocked, aren't you? But why should not religious organizations employ enthusiastic college methods? And they do. The convention at Steubenville June 23-26, will open Tuesday evening with "Songs and rah-rah's by delegations."

"Christian Endeavor believes not only in doing things, but in doing them with a will, in a whole-hearted, spirited way. It does not believe in half-hearted service. It has us sing and applaud and wave banners and cheer. This spirit will work wonders whenever it is incorporated in the church; and Christian Endeavor graduates will put it there."

Emerson has said that no great task is ever accomplished without enthusiasm. But there can be no lasting fervor of enthusiasm without knowledge.

"Information plus inspiration plus perspiration equals consummation; this is the equation of victory." Our own Dan Poling.

One who refused to wear one of the "I-am-going-to-church-May-3" cards gave as his excuse, not reason: "The thing Cedarville needs in her churches is the Holy Spirit!" Granted. But does one necessarily lose any of this spirit just because he gets out and rah-rah's for his church?

Here tradition binds a church with the usages of yesterday and holds her eyes closed to the larger meaning of "Feed my lambs."

"The world surrenders to the man that knows; but heaven and earth belong to the man of faith."

Our society now numbers among its members eight livers.

"When Your Spiritual Concrete Set." Now is not that an attractive title for an article? Every week you put off reading Dr. Cowan's page in the Christian Endeavor World you are robbing yourself of a treat.

Our own Dan Poling is some writer also. Did you read "The Grip That Holds"? Fifty-two issues of the World for the price of ten shaves.

A black African chief after listening to a talk on the healing of the impotent man at Bethesda said: "That is very simple. The thirty-eight years sick man is like our abandoned Africa; the man said, 'I have no man, but Christ said, 'In your man.'"

—Dan Crawford.

Christian Endeavors have laid a law before the Massachusetts legislature forbidding smoking in public places.

From the Boston Transcript: "Come in, and have a drink, old man."

"Nothing doing!"

"What's the matter? Sworn off?"

"Not directly, but I've resolved that this year I'll exhibit a little more sense and that is the ability to say 'no!'"

After taking course in "Expert Endeavor," two pastors said: "We didn't know there was as much to Christian Endeavor."

"There are many men who make the world weep, but few indeed that make it chuckle."

You do not need to be a Bull Moose to belong to the Progressive party in Christian Endeavor. All that is necessary is that you be dissatisfied with the present standing of your so-

clety and then dig to make it more satisfactory.

The Calvinistic Congregational society of Fitchburg, Massachusetts, has five Endeavorers who have taken written examinations on every question in "Expert Endeavor" and passed with a percentage between 97 and 100. This society with fifty members has raised its rating from 35 to 80 degrees and is still climbing.

The record of attendance at the mid-week prayer service of a church in St. Paul showed that the Christian Endeavor society led all church organizations with a record of 72 per cent. The Ladies Aid, Men's Brotherhood, and Sunday School Cabinet averaged 24 per cent. "Unless prevented by some reason that I can conscientiously give to my Saviour," the memory verses for May 10 are the same as the passage for study: 1 Cor. 6:19, 20. Miss Bertha Stormont will lead the meeting.

Ellis Parker Butler says that even a man who detests the church ought to go to church once a year to make sure that the church hasn't mended yet the faults he has been complaining of.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all the stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and securing nature in doing its work. The proprietor has much to offer in the way of power, but they offer the Hundred Dollars for any cure that it fails to cure. Send for test, immediately.
